Eleni Trova: The constitutional protection of the book

dikastiko.gr

"If the books on the pyre by Goebbels meant the Nazi questioning of the Jewish intellectual, the multiplication of books heralds the end of the period of the book and of the sanctity that our culture has attributed to it," says Ms. Trova.

NEWSROOM | 11/06/2021 06:00

Eleni Trova: Are you what you declare on fb?

Today's technological conditions allow anyone embittered to showcase their exploits with imagination. Everyone wants to be desirable, fatal, great and bloodied. Everyone wants to seem sought-after.

Eleni Trova: And now what will happen to Mrs. Eleni and Mr. Petros?

dikastiko.gr

By Eleni Trova* Mrs. Eleni is a philologist teacher. Today she has every reason to be proud as her students succeeded in entering University. Without tutoring, without even distance education. At the school where she works, the students are detainees and when the school closed due to the pandemic, there was no possibility of internet connection so that [...] could take place.

By Eleni Trova* Despite the fact that the Council of Europe has been dynamically proposing e-voting^[1] for years, the majority of the members of the Board of Directors of the Union of Judges and Prosecutors expressed their opposition to the conduct of electronic voting regarding the elections of the Union of Judges and Prosecutors at the end of May, considering that it is preferable [...]

Eleni Trova: Justice on the screen

dikastiko.gr

By Eleni Trova* Reality through the screen with the help of the coronavirus was consolidated. The war on the screen is known from many films but also [...]

Eleni Trova: How cases are won

dikastiko.gr

By Eleni Trova* The greatest lesson I took from a brilliant but monstrously cynical and harsh client concerned the conduct of trials. He almost never read the judgments issued concerning his company, he almost never was thrilled with the outcome of a legal battle. "The trial," he said, "is a theatrical act of a claim." What matters is [...]

Eleni Trova: Closing the courts

dikastiko.gr

By Eleni Trova* For a child to become a doctor and a lawyer remains important: joy in the results of the national exams for families, honour to the village, expectations of advancement, money and power in the foreground. The doctor and the lawyer enjoy distinction and praise. All this together, however, alongside the awareness of social mission. The honour [...]
